Did You Know?

- United Way's network of over 200 life-impacting programs impact almost 350,000 people - nearly 1/3 of the Mid-South's population!
- Roughly 9,000 people choose to serve as United Way volunteers every year.
- Our United Way's staff of just over 50 people is far smaller than that of other United Ways raising similar amounts of support.

EFFECTIVE and EFFICIENT

Your United Way is effective and efficient

United Way utilizes the power of hundreds of local volunteers to raise and distribute funds in our region, which keeps our expenses low. This way, more of your gift can be used to support nonprofit agencies and programs that are working to improve lives and better our community.

Our Board of Directors is completely made up of local volunteers who make decisions to protect your community investment by only funding the most effective and efficient programs to help people in our region. When you give to United Way, your donation is safeguarded by multiple teams of volunteers who want to use it in the best ways to impact the lives of the most people.
